

Index to Volume 18: Subject

Abortion

- The "gag rule": what's nursing got to do with it? (Muecke), 147 (Editorial)

Access to health care; see Health services accessibility

Accidental falls

- Home-screen: a short scale to measure fall risk in the home (Johnson et al), 169

Acquired immunodeficiency syndrome

- Urban outpost nursing: the nature of the nurses' work in the AIDS Prevention Street Nurse Program (Hilton et al), 273

Activism

- Developing political competence; a comparative study across disciplines (Rains and Barton-Krieser), 219

Adaptation, psychological

- Coping styles of pregnant adolescents (Myers et al), 24

Adherence; see Patient compliance

Adolescence

- Adolescent health behaviors and related factors: a review (Spear and Kulbok), 82
- Coping styles of pregnant adolescents (Myers et al), 24
- The effectiveness of health promotion counseling for overweight adolescent nursing students in Taiwan (Chen et al), 350
- Geographical mapping of unmarried teen births and selected sociodemographic variables (Blake and Bentov), 33
- The health of shelter-based foster youth (Ensign), 19
- Quality care in a Medicaid managed care program: adequacy of prenatal care for teens in Chicago (Gifford), 236
- Teen-focused care versus adult-focused care for the high-risk pregnant adolescent: an outcomes evaluation (Bensussen-Walls and Saewyc), 424

African Americans

- Factors influencing participation of African American elders in exercise behavior (Walcott-McQuigg and Prohaska), 194

- Perceived health needs of urban African American church congregants (Baldwin et al), 295

Aged

- A comparison of two models of health-promoting lifestyle in rural elderly Taiwanese women (Wang), 204
- Factors determining the attitudes of family caregivers of dementia patients toward nursing home placement in Taiwan: comparisons between urban and semiurban areas (Chiu et al), 281
- Factors influencing long-term home care utilization by the older population: implications for targeting (Lee et al), 443
- Factors influencing participation of African American elders in exercise behavior (Walcott-McQuigg and Prohaska), 194
- Promoting positive affect and diminishing loneliness of widowed seniors through a support intervention (Stewart et al), 54
- The psychosocial impact of interactive computer use within a vulnerable elderly population: a report on a randomized prospective trial in a home health care setting (Billipp), 138
- Quality of life and related factors among elderly nursing home residents in Southern Taiwan (Tseng and Wang), 304

Aging

- Musings on healthy aging (Graham), 217 (Editorial)

AIDS Prevention Street Nurse Program

- Urban outpost nursing: the nature of the nurses' work in the AIDS Prevention Street Nurse Program (Hilton et al), 273

American Journal of Public Health

- E.CE4U (electronic continuing education for you) (Shamansky and Graham), 1 (Editorial)

Antitubercular agents

- Antecedents of adherence to antituberculosis therapy (McDonnell et al), 392

Arteriosclerosis

- Development of a structural equation model for causal relationship among arteriosclerosis risk factors (Oh and Seo), 409

Asian Americans

- Asian Indian women: knowledge, attitudes and behaviors toward

- breast cancer early detection (Sadler et al), 357

Asthma

- Managing asthma within the context of the rural family (Barrett et al), 385

Behavior

- Adolescent health behaviors and related factors: a review (Spear and Kulbok), 82
- The art of motivating behavior change: the use of motivational interviewing to promote health (Shinitzky and Kub), 178

Bereavement

- Promoting positive affect and diminishing loneliness of widowed seniors through a support intervention (Stewart et al), 54

Birth

- Geographical mapping of unmarried teen births and selected sociodemographic variables (Blake and Bentov), 33

Body weight

- The effectiveness of health promotion counseling for overweight adolescent nursing students in Taiwan (Chen et al), 350

Breast neoplasms

- Asian Indian women: knowledge, attitudes and behaviors toward breast cancer early detection (Sadler et al), 357

Canada

- Developing and testing instruments to measure client outcomes at the Comox Valley Nursing Center (Hilton et al), 327
- Urban outpost nursing: the nature of the nurses' work in the AIDS Prevention Street Nurse Program (Hilton et al), 273

Case management

- The promise of case management (Ebert), 293 (Editorial)

Cerebrovascular disorders

- The impact of a stroke screening program (Willoughby et al), 418

Certification

- Building academic and practical knowledge in nursing through TB skin testing certification in a BSN curriculum (Stone), 212

Child

- Children and war: current understandings and future directions (Berman), 243

counseling for overweight
adolescent nursing students in
Taiwan (Chen et al), 350

Occupational health nursing

Occupational health nurses' work and
expertise in Finland: occupational
health nurses' perspective
(Naumanen-Tuomela), 108

Occupational therapy

Home-screen: a short scale to measure
fall risk in the home (Johnson et
al), 169

Osteoporosis

Evaluation of an osteoporosis workshop
for women (Ribeiro and Blakeley),
186

Outcomes assessment

Developing and testing instruments to
measure client outcomes at the
Comox Valley Nursing Center
(Hilton et al), 327

Pregnancy outcomes of inmates in a
large county jail setting (Mertens),
45

Teen-focused care versus adult-focused
care for the high-risk pregnant
adolescent: an outcomes
evaluation (Bensussen-Walls and
Saewyc), 424

Paralysis

Trumpets of attack: collaborative
efforts between nursing and
philanthropies to care for the child
crippled with polio 1930 to 1959
(Carter), 253

Parent-child relations

Scores on the Nursing Child
Assessment Teaching Scale for
father-toddler dyads (Harrison et
al), 94

Parents

Therapeutic use of parental stories to
enhance Mexican American
family socialization: family
transition to the community school
system (Niska), 149

Parish nursing

Community assessment: a church
community and the parish nurse
(Swinney et al), 40
Perceived health needs of urban African

American church congregants
(Baldwin et al), 295

Patient advocacy

Developing political competence; a
comparative study across
disciplines (Rains and Barton-
Kriese), 219

Patient compliance

Antecedents of adherence to
antituberculosis therapy
(McDonnell et al), 392

The influence of the hypertensive
patient's education in compliance
with their medication (Saounatsou
et al), 436

Patient education

Asian Indian women: knowledge,
attitudes and behaviors toward
breast cancer early detection
(Sadler et al), 357

Evaluation of an osteoporosis workshop
for women (Ribeiro and Blakeley),
186

The influence of the hypertensive
patient's education in compliance
with their medication (Saounatsou
et al), 436

Patient satisfaction

Developing and testing instruments to
measure client outcomes at the
Comox Valley Nursing Center
(Hilton et al), 327

Health care access: a consumer
perspective (Higgs et al), 3

Poliomyelitis

Trumpets of attack: collaborative
efforts between nursing and
philanthropies to care for the child
crippled with polio 1930 to 1959
(Carter), 253

Politics

Developing political competence; a
comparative study across
disciplines (Rains and Barton-
Kriese), 219

Poverty

Nothing is going to stop me now:
obstacles perceived by low-
income women as they become
self-sufficient (Brown and
Barbosa), 364

Pregnancy

Coping styles of pregnant adolescents
(Myors et al), 24

The "gag rule": what's nursing got to
do with it? (Muecke), 147
